*For all pets over the age of 7 years, Full Profile blood work is **REQUIRED** before surgery can be performed for the safety of the patient due to age. (\$82.00-\$115.00)*

____ **NO,** I decline the recommended Pre-Anesthetic tests at this time and request that you proceed with anesthesia. I understand that a medical condition may exist, which would be impossible to identify during a physical exam alone. I understand my pet’s health may be at risk if such a condition goes undetected when my pet is placed under anesthesia.
